

The Over-Under On Overspending

Surgery Exchange provides comprehensive tracking and analysis of overspend and off-contract spend on all bill only items. In a recent case study, Platform highlighted significant overspending by three health systems. This data sheds light on the need for better cost management strategies to take control of bill only.

Midwest hospital known for patient safety

-  • 5 Hospitals
-  • 80 Clinics
-  • \$5.9B in Revenue
-  • 10K+ Employees

Mid Atlantic teaching hospital

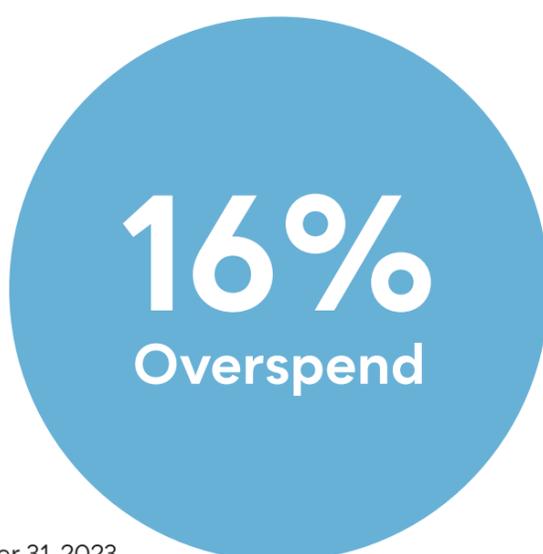

-  • 450 Beds
-  • \$700M in Revenue
-  • 5,000 Employees

Midwest hospital founded in 1927

-  • \$2.2B in Revenue
-  • 10K+ Employees

On average, Surgery Exchange found health systems overspend on bill only items versus contract by 16%. Surgery Exchange can help identify your overspend with a complimentary analysis.
